

MILITARY Child Education Program

The Military Child Education program ensures access to information and provides a communication link for families assigned to MacDill Air Force Base, with school-aged students, in grades kindergarten through high school. The School Liaison Officer assists families in the following ways:

- *Navigating school choice options*
- *Accessing educational information and resources*
- *Advocating for educational needs of military students*
- *Identifying and eliminating barriers to academic success*
- *Supporting families and students through transitions and changes that impact military child education*
