

Bay Palms Golf Course: *Local Rule* *Distance Measuring Devices*

In accordance with USGA Rule (14-3) and appendix IV, section five of the 2012 USGA rules of golf it is determined that the use of distance measuring devices during tournament play will be decided by local rule.

It is determined by Bay Palms that during a stipulated round, distance measuring devices may be used, but cannot measure any conditions other than distance to include: wind speed, wind direction, atmospheric conditions, or elevation change.

The player is responsible for adhering to this local rule as well as the USGA regarding measuring devices. Any breach of these rules will result in the disqualification of the player.
