RULES

If your disc lands in 'staked' protected area, please tread carefully when retrieving your disc. DO NOT throw from inside the protected area! Mark your lie 1 meter in from where it was last in bounds and throw from there, with an additional 1 stroke penalty.

If your disc lands in a tree, mark your lie directly under and throw from there.

Please play appropriate tees for your skill level. If you are a Beginner thru Recreational player, please use the Red tee. There are no Ladies tees! Advanced thru Pro players may use any configuration.

The most FUN wins. Leave the course cleaner than you found it.
